[EXTERNAL EMAIL] This email has been received from an external source – please review before actioning, clicking on links, or opening attachments.

Dear Dr. A,

This is a first reminder that changes are required to your manuscript before we are able to proceed with your submission. Please address the following issues before submitting your manuscript:

The corresponding author email address for the author Dr. Maduwantha K.A.I mentioned in the PDF is imashakuruppu25@gmail.com whereas the corresponding author email address in the system is it20069186@my.sliit.lk. Hence please check this and assign the respective corresponding author email address for the manuscript on the system.

Kindly login to your account in <https://review.hindawi.com/login> and search for your manuscript and upload the updated pdf of your manuscript. The status of your paper has been reverted to 'Complete Submission' and we're awaiting for the changes.

Best regards,

Abilasha Soundharajan

Maduwantha K.A.I it20069186

To: Joyce Villanueva <joyce.villanueva@hindawi.com>

Wed 9/6/2023 11:40 PM

Dear Joyce,

Thank you for your email and for bringing this to my attention.

I understand the discrepancy regarding the corresponding author's email address. The email address "imashakuruppu25@gmail.com" mentioned in the PDF is accurate. However, my current university email address is "it20069186@my.sliit.lk," which is the one associated with my Hindawi account.

To resolve this issue, I can either update my account's email address to "imashakuruppu25@gmail.com" or resubmit the manuscript from the correct email address. Please advise on the preferred course of action, and I will proceed accordingly.

I will promptly log in to my account at <https://review.hindawi.com> to make the necessary adjustments and upload the updated PDF of the manuscript as per your instructions.

Thank you for your assistance in resolving this matter. Please let me know if there are any additional steps or information required.

Best regards

Submission Summary

Conference Name	5th International Conference on Advancements in Computing 2023
Track Name	Health Care and Assistive Technologies
Paper ID	283
Paper Title	The Future of Ayurveda: Harnessing the Power of Artificial Intelligence for Personalized Treatment and Diagnosis
Abstract	<p>The rapid and busy nature of contemporary living often results in an uneven distribution of daily activities, inadequate dietary habits, insufficient physical exercise and leisure time, and excessive work-related stress, leading to poor health and dissatisfaction. At the same time, Ayurveda provides alternative solutions for many diseases. However, people may need help identifying the appropriate herbs and treatments and consulting with doctors promptly and cost-effectively. Additionally, the high cost of Western medicine may be a barrier, and not all illnesses are treatable. This paper aims to provide recommendations to patients through a chatbot, identify herbal plants and their locations, create a connection between doctor and patient, a doctor recommendation system, and a social network that facilitates the society to discuss ayurvedic matters. This assists users in discovering interactive Ayurvedic-based treatments for various symptoms. This solution is anticipated to benefit those seeking alternatives to conventional medicine.</p>

[EXTERNAL EMAIL] *This email has been received from an external source – please review before actioning, clicking on links, or opening attachments.*

Dear Author(s),

Your manuscript submitted for ICAC 2023 contains more than 6 pages which exceeds the IEEE conference template requirement. If you still wish to continue with the submission, the TPC would recommend you re-submit the manuscript with **ONLY 6 pages** (double-column) on or before **7th August 2023 5.00pm**.

E-mail the **blind review ready manuscript** (**without the author list**) to **vindhya.k@slit.lk**

Regards,

TPC Committee
ICAC 2023
